## WHERE?

*Our location and what to expect*

Dyrøy Municipality – Northern Norway.

Dyrøy is a small, scenic municipality located in Troms County, Northern Norway. Surrounded by fjords, mountains, and sea views, it offers a peaceful and inspiring environment for reflection and creativity. The region is known for its rich coastal culture, strong community spirit, and proximity to unspoiled nature and Arctic light. With a population of just over 1,000 people, Dyrøy offers a calm and authentic setting for those seeking focus, inspiration, and connection to the natural surroundings of Northern Norway.

Dyrøya (the island) is connected to the mainland by a bridge, and Dyrøya Kunstnervilla is located in the middle of the island. The island itself has a small population of around 100 residents, though this increases during summer and Easter holidays due to the many holiday homes in the area. The nearest grocery store is in Brøstadbotn, a 15-minute drive away. There you'll also find a café, gas station with convenience store, hairdresser, fishing gear shop, building supply store, gym, library, school, kindergarten, and medical center.

The nearest town is Finnsnes, a small city where you'll find a shopping mall and other specialty shops. Larger cities in the area include Tromsø (2 hours by express boat or 3 hours by car/bus) and Harstad (1 hour by express boat or 2.5 hours by car/bus).
